**Lombard Bank Malta p.l.c.**  
**Glossary of Terms**

	<b>Term</b>	<b>Definition</b>
1	Maintaining the account	The account provider operates the account for use by the customer.
2	Subscribing and renewing Internet Banking	The account provider provides the customer with access for banking services using the internet.
3	Requesting Statements	The customer requests bank statements, in paper or on other durable medium, over and above those which the payment service provider is required to send by law.
4	Cash withdrawal or deposit	The consumer requests to deposit or withdraw cash in or from an account.
5	Standing Order	The account provider makes regular transfers, on the instruction of the customer, of a fixed amount of money from the customer's account to another account.
6	Providing and renewing a debit card	The account provider provides a payment card linked to the customer's account, enabling the latter to withdraw and pay, locally, abroad and even online. The amount of each transaction made using the card is taken directly and in full from the customer's account.
7	Providing and renewing a credit card	The account provider provides a payment card linked to the customer's payment account. The total amount of the transactions made using the card during the agreed period is taken either in full or in part from the customer's payment account on an agreed date. A credit agreement between the provider and the consumer determines whether interest will be charged to the consumer for the borrowing.
8	Making payments using an International Debit or Credit Card	The account provider enables the customer to make payments using an international debit or credit card.
9	Replacing a card	The customer requests a replacement of a card that was lost, stolen or damaged.
10	Depositing and encashing a cheque	The customer presents a cheque, whether local or international, for deposit or encashment.
11	Stopping a cheque	The customer asks the account provider to stop the encashment of a cheque issued by that consumer.
12	Sending money in Euros to other account in the Single Euro Payment Area	The account provider transfers money, in Euro, on the instruction of the customer, from the customer's account to another account in a SEPA country.

13	Sending money in other currencies to any other account	The account provider transfers money, in non-euro currencies, on the instruction of the customer, from the customer's account to another account.
14	Receiving money - Euro	The customer receives money in euros from euro account.
15	Receiving money – other currencies	The customer receives money in non-euro currencies from non-euro account.
16	Arranged Overdraft	The account provider and the consumer agree in advance that the consumer may borrow money when there is no money left in the account. The agreement determines a maximum amount that can be borrowed, and whether fees and interest will be charged to the consumer.
17	Direct Debit	The consumer permits someone else (recipient) to instruct the account provider to transfer money from the consumer's account to that recipient. The account provider then transfers money to the recipient on a date or dates agreed by the consumer and the recipient. The amount may vary.
